## DETAILED ACTION

### *Status of the Claims*

1. Claims 30-45 are pending.

Applicants' amendment filed on August 9, 2002 (Paper No. 11) is acknowledged, and applicant's response has been fully considered. Claims 1-3, 11 and 20-29 have been cancelled, and new claims 30-45 have been added. Therefore, claims 30-45 are examined.

### *Rejection Withdrawn*

#### *Claim Rejections - 35 USC § 112*

2. The previous rejection of claims 1-3, 11 and 20-29 under 35 U.S.C.112, first paragraph, is withdrawn in view of applicants' cancellation of the claims, and applicants' response at pages 4-5 in Paper No. 11.

3. The previous rejection of claims 1-3, 11 and 20-29 under 35 U.S.C.112, second paragraph, is withdrawn in view of applicants' cancellation of the claims in Paper No. 11.

#### *Claim Rejections - 35 USC § 112*

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 30-45 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 30-45 are indefinite because the claims lack essential steps in the method of inducing Th2 response in a subject, or a method of suppressing cellular immune response in a subject. The omitted step is the administration of effective amount of a composition comprising

Art Unit: 1653

a cystine compound of formula (I), it is unclear how the content of reductive glutathione in macrophage is reduced without administering the compound to the subject. Claims 31 and 32 are also indefinite because of the use of the term "Th1" or "Th2", it is not clear what term means. Claims 32-47 are included in this rejection for being dependent on a rejected claim and not correcting the deficiency of the claim from which they depend.

### ***Conclusion***

5. No claims are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
